

How will the Companies be Judged?

All participating Companies will have taken part in at least one National Competition event and won their way through several rounds.

There are four stages to the competition; they are:

- 1. Company Report/ Business Plan**
- 2. Public Presentation**
- 3. Trade Fair Stand and Booth Visits**
- 4. Panel Interview**

Full guidance on the separate stages is set out below. At each of these stages the judges make an assessment of the aspects of the company revealed at that stage. There is no winning formula. Each Member Nation's Company is different and must use its judgment to decide how best to convey the strength of its members' experience to the judges, telling appropriate elements of their unique story through the competition stages.

The Four Stages of the Competition

STAGE 1 - WRITTEN FINAL COMPANY REPORT

The Company Report is the opportunity to summarize your team's year in business. It is an important record of what you have achieved. This segment carries **15%** of the weight of the final grade. In order to help the judging process and to give you some guidance on what is expected, below is a list of the rules you must follow and some guidelines on content.

Rules

- A PDF copy of the report must be submitted to the Events Committee through your Member Nation. If this is not possible because of a late national final event, alternative dates must be agreed between the Events Committee and the Member Nation (see Joining Instructions for details).
- Language – the reports may be written in English or Arabic
- Maximum 10 sides of A4 (or less - not more); no appendices are allowed. The 10 pages exclude the Front and Back cover. Minimum font size to be used is 12.
- The cover is in addition to the permitted 10 pages. It should include:
 - ✓ Company Name
 - ✓ Year of Operation
 - ✓ Name of Volunteer(s) and Link Teacher(s)
 - ✓ Country

- Page one must be an Executive Summary and include:

- ✓ Company name
- ✓ Logo and slogan
- ✓ Mission and vision Statement
- ✓ Product/service (clear explanation of what it is and how it works)
- ✓ Target Market
- ✓ Summary of financial results
- ✓ Summary statement of Company performance.
- ✓ Index

- The report must include the company's final accounts (i.e. Profit and Loss Account and Balance Sheet, prepared to the company liquidation date). It should state how many stocks were sold to company employees, how many to their families and how many to the external investors, in addition to explaining how their start up money was obtained. The accounts presented in the report should be verified and signed by your adviser or an accountant. Note: Please make sure that the financial section of your reports is in your currency.

Guidance

The rest of the report should read as one business-like document, not as a series of repetitive directors' reports. The report should demonstrate the company's achievements highlighting the product/service they have produced; it should have a clear description of the product or service, how it works, the target market.... **The report must be written by the students** and should be original and innovative in approach, not based on a template from previous years. It should have some pictures, but not too many. A recommended approach is to ask each director to write a brief report of his/her activities and then for one director to draw the information together into one readable document. There should be a review of students' development as individuals and as a team. Company membership and structure should be illustrated as well. In addition, any special activities undertaken by the Company should also be included. Companies are also encouraged to include photographs of their product or service.

Key Points Assessed by Judges

Written Reports will be assessed on the following basis:

- ✓ Summary of year's activities (company name, mission, vision, logo, slogan, product/service, summary of financial results, summary statement of company performance, index)

STAGE 2 – PUBLIC PRESENTATION

This segment is your chance to present and pitch your company to potential investors; it is the first time you will meet the judges, so remember, first impressions are very important! This segment carries **25%** of the total final grade.

Rules:

- ✓ All presentations must be made in English or Arabic.
- ✓ Presentations will normally take place before a large audience in an auditorium.
- ✓ The maximum time allocated for each presentation is **5** minutes.
- ✓ The style should be business-like but may include the use of some humor.
- ✓ Keep the presentation professional and if you want to include humor, make sure it appeals to a diverse audience.
- ✓ You need to be as creative as possible.

- ✓ Students should use the Public Presentation to market and sell their COMPANY rather than their PRODUCT to a possible investor in the audience; however, the product/service MUST be made clear during the presentation.
- ✓ The presentation team must not at any time exceed six students.

Teams are encouraged to select the music they feel signifies the team best (a theme song), so that this may be used whilst the team is coming up and going down from the stage before and after the presentation.

Guidance

The presentation should summarize the key experiences and achievements of the company. Try to bring to life the highs and lows of your year for the audience. What you have learned from your mistakes is as important as your achievements. This is a very important stage, try and be as creative as possible. Try to market and sell your company to investors in the audience; convince them to invest in your company. Show how your company has generated job opportunities. Do not waste your time telling the audience about finances which are already in the written report, instead, show the audience that you have a good profit. Don't waste time introducing your team; if you want to introduce the team do it creatively and in the shortest time possible, remember an investor doesn't need to know who each person is in the company, they just need to know that you have a strong and committed team, they also want to know about the product, the company and its performance!
